

## SUNPASS

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. Incorporating the latest technology, SunPass can be used on Florida's toll roads and most toll bridges. SunPass customers typically pay 25 cents less than cash paying customers at most toll plazas and exits on Turnpike roads.

There are two types of passes available. The original SunPass transponder \$25.00 and the new SunPass Mini Sticker transponder \$4.99 are available for purchase on the SunPass website <http://www.sunpass.com>, CVS Pharmacy stores, Publix grocery stores, and AAA offices. The SunPass Mini Sticker transponder will only operate when affixed to glass windshields. They are not designed for use on motorcycles.

For additional information on SunPass visit <http://www.sunpass.com>.

SunPass Plus is now available for use at Palm Beach, Tampa, and Orlando Airport public parking facilities. SunPass Plus is neither of the SunPass transponders but has been set up for automatic replenishment. Call 1-800-870-8700 or go online to create your SunPass account and set up your transponder to automatically replenish from your bank account or credit card when it drops below the amount you set. Choose the SunPass Plus lane when you enter the parking facility and when you exit your transponder account will be charged the fees. However, Valet Parking is not available with SunPass. If you have a SunPass transponder and do not want to use it to pay for parking fees DO NOT use the SunPass Plus lane, use an alternate lane to enter the parking facilities.

## AMBER ALERTS

<http://www.FloridaAmber.gov>

The origin of the Amber Plan was created in 1996 as a powerful legacy to 9 year old Amber Hagerman, a bright little girl who was kidnapped and brutally murdered while riding her bicycle in Arlington, Texas. The tragedy shocked and outraged the entire community. Residents contacted radio stations in the Dallas area and suggested they broadcast special “alerts” over the airwaves so that they could help prevent such incidents in the future.

Amber alerts empowers law enforcement, the media, and the public to combat abduction by sending out immediate, up-to-date information that aids in the child’s safe recovery.

Amber Alerts may be activated only by law enforcement agencies.

Amber Alerts is intended for the MOST SERIOUS, TIME-CRITICAL child abduction cases.

Amber Alerts are not intended for cases involving runaways or parental abduction except in life-threatening situations.

Amber Alerts may also be sent to cell phones sign up by going to [www.wirelessamberalerts.org/index.jsp](http://www.wirelessamberalerts.org/index.jsp) and entering your cell phone number.
